Includes engineering methods of cost and time estimating, and exercises in applications of engineering economics, flow charts, tracking progress, construction contracts, indemnity agreements, and network planning techniques including CPM and PERT.
Typically Offered: Fall and Spring Credits: 3 Prerequisite: None

RED 680. Entrepreneurship in Real Estate Development
Focuses on management and business practices for building new urban real estate firms capable of leading the industry and assuming competitive advantages over conventional models.
Typically Offered: Spring Credits: 3 Prerequisite: At least one full semester of MRED+U curriculum

RED 690. Case Studies in Real Estate Development
Students integrate and apply their learning and skills to complex problem-solving involving a series of intensive real world cases of urban real estate development. Focuses on project feasibility and helps hone the required set of development skills.
Typically Offered: Summer Credits: 3 Prerequisite: Final semester or Approval from Professor

RED 699. Capstone: Real Estate Development and Urbanism Charrette
An intensive real estate development and urban design studio in which students are part of a multi-disciplinary team on an urban development project. Focuses on comprehensive analysis, project planning, feasibility and program development through the application of advanced development skills in an urban context.
Typically Offered: Summer Credits: 1-3 Prerequisite: Final semester or Approval from Director
Not all electives are available every semester or academic year. Please see your advisor for current list of electives.

RED614. Applied Real Estate Finance and Investments: Level II
This course builds a foundation for further study of real estate investments and development. This course provides for advanced application of theory and techniques at the entity and deal-level. Discounted cash flow models are developed and enhanced to address topics including partnerships and waterfalls, income tax considerations and a greater exploration of a variety of public and private debt instruments. Emphasis is placed on analyzing the performance of a prospective development across the entire capital stack.
Typically Offered: Fall and Spring Credits: 2 Prerequisite: RED610, RED612 and/or Approval from Professor

RED618. Technologies and Tools for Commercial Real Estate
Students in the Technologies and Tools for Commercial Real Estate will learn basic skills for ARGUS Enterprise, REIS, Co-Star, Real Capital Analytics and/or the latest in Real Estate Technology and Tools. Students will be introduced to concepts of entering leases, budgets, market assumptions or valuation and yield parameters on a repetitive basis. The modules that are covered in the course include Valuation-Cash Flow, Portfolio Level Reporting and Sensitivity. Courses concentrate on practical applications of software and tools through interactive examples and case studies. Participants are exposed to a large cross section of software capabilities, fundamentals and unique nuances.
Typically Offered: Spring Credits: 0-1 Prerequisite: None

RED 640. Applied Design Skills for Non-Designers
Intensive workshop and training in public outreach and participatory planning with emphasis on analysis of political context, appropriate communication technology, collaboration techniques, and design team management.
Typically Offered: Fall Credits: 0-1 Prerequisite: None

Urbanismus Practicum
This course was developed specifically as an introduction to architecture and urbanism for MRED+U students. Introduction to the lexicon of urbanism; review of greatest intellectual traditions in city design; survey of urban design techniques; inspection of global state of contemporary urbanism and sub-urbanism; review of pertinent literature; examination of case-studies in urbanism and sustainability; exploration and critique of contemporary alternatives; introductory survey course for students with no urban design experience.
Typically Offered: Fall Credits: 2 Prerequisite: None

Advocacy for Architects: The Art of Approval
This is a multi-disciplinary course intended to prepare practitioners in the real estate development industry with a legal framework of the local government development approval process and the essential tools for developers, architects, and other design professionals to successfully present projects within the regulatory and design approval process. The course will start with an overview of the legal principles animating the government's regulation of the use and development of land, including federal, state and local laws. The course will introduce students to the elements of successful advocacy, including effective communication with local government staff, preparation for public hearing presentations, public speaking, cross-examination, and emerging trends including impacts of new technology. Steve Wernick is a practicing attorney (Wernick & Co) who teaches this course on the entitlement process for RED and works with major developers throughout South Florida.
Typically Offered: Fall Credits: 1 Prerequisite: None

Zoning and the Shaping of Cities
Elizabeth Plater-Zyberk, who wrote the Miami21 code, is former U-SoA dean, cofounder of CNU and DPZ.
Typically Offered: Fall Credits: 1 Prerequisite: None

Retail Placemaking
This course provides an introduction to placemaking with a focus on retail real estate and its impact on communities. Development, architecture, and urban design are all critical elements and will discussed in the class and evaluated in the field. The course will also identify leadership roles and participants in placemaking, which include developers and investors, architects and urban planners, tenants, and customers. A developer who can match the right concept with the right location can generate substantial profits. Similarly, a well-executed placemaking plan creates value for all the participants in a community.
Emran Ally is a MRED+U alumni with extensive experience in retail with Woolbright Development, Edens, and CBRE.
Typically Offered: Fall Credits: 1 Prerequisite: None

Approved CMA or ARC Electives (1-3 Credits)

Approved MBS or LAW Elective (1-3 Credits)
